

Alternatives to consider

- Improve and synchronize timing of lights at intersections
- Replace intersections with modern roundabouts
- Install limited access parkway concept
- Tidal flow - reversing the flow of traffic in one or more lanes during peak periods
- Improve and modernize public transit options, ie - transit centers, bus rapid transit

• Parkway

limited access roads, scenic greenbelts

• Roundabouts

safe, efficient and attractive traffic control

Hilton Head,
South Carolina

Grand Junction,
Colorado

Montpelier, Vermont

• Encouraging Revitalization

All three restaurants were so outclassed by the new highway design that the owners reconditioned their buildings, starting a downtown rejuvenation effort.
